

## Becoming a partner

Green Marine is a voluntary environmental certification program for the North American marine industry.

Green Marine brings together hundreds of members from different backgrounds that all share the same objective: to improve the maritime industry's environmental performance through concrete and measurable action.

**Partners** are suppliers of services, products, technology and/or equipment that offer environmental advantages or opportunities to help the program's participants to improve their environmental performance. Each new partner has to provide a short statement on how they meet the above criteria.

All partners agree to promote the environmental policy to their customers and they are encouraged to display the Partner logo, showing their commitment to the program.

### THE BENEFITS OF BECOMING A GREEN MARINE PARTNER INCLUDE:

- Dual Membership in Green Marine AND Green Marine Europe (the sister program in Europe)
- Use of the Partner logo
- Corporate profile in the **Environmental products and services online directory**. Available on Green Marine and Green Marine Europe websites, the directory includes the name, logo, corporate overview, contact info and website link of each partner and allows search by keywords.
- Announcement of your membership on Green Marine's social media, website and newsletter, which is sent to over 4 500 subscribers
- Increased visibility among participants
- Preferential rates for Green Marine's GreenTech conference and exhibition
- Preferential rates for advertisement in the Green Marine Magazine

As Green Marine Partners, companies agree to respect the Program's communication policy related to the use of the Partner logo and to demonstrate their support of the program. Partners annual membership fees vary depending on the size of the organization:

2022 MEMBERSHIP FEE SCHEDULE FOR GREEN MARINE PARTNERS	
Companies with less than 50 employees	\$ 721 (plus applicable taxes)
Companies with 50 employees or more	\$ 1 203 (plus applicable taxes)

It is easy to join online, visit the [Partners page](#) on our website for more information.
