

# GREENTECH 2022 -CALL FOR SPEAKERS

## GREEN MARINE 15<sup>TH</sup> ANNUAL CONFERENCE

JUNE 8 - 10, 2022, MONTREAL

©Port of Montreal

## DEADLINE **DECEMBER 31<sup>ST</sup>, 2021**

Green Marine is pleased to host our 15th annual conference, GreenTech 2022, in Montreal, our first in-person conference since GreenTech 2019! We are already enthusiastically planning the yearly gathering that has become a must for everyone involved or interested in maritime transportation and its greater sustainability through greener technologies, innovation and best practices. **GreenTech 2022 will be held at the Omni Mont-Royal Hotel, in Montreal, QC, from Wednesday, June 8 to Friday, June 10.**

Green Marine welcomes proposals for presentations from the maritime community focusing on the environmental issues covered by **our current environmental program 14 performance indicators** and on these **hot topics of current interest** to our participants: ship owners, ports, terminals, Seaway corporations, and shipyards.

## GREENTECH 2022 MAIN TOPICS OF INTEREST

### The Shipping Industry's Decarbonization: Ways Forward

- **Port Electrification:** Getting started, coordination challenges, potential solutions/ technologies, successful project examples.
- **Alternative Marine Fuels and Propulsion:** Recent developments, transition and technology challenges, decision-making factors, lessons learnt from demonstration and pilot projects, actual experience with alternative energy sources, including LNG, biofuels, ammonia, hydrogen and batteries.
- **Infrastructure Investments:** How to prioritize, secure and oversee/coordinate the necessary funding required to transition to zero-carbon shipping at the micro (port or terminal) level and macro (municipal, state/provincial or federal agency) level.
- **Innovative Partnerships:** Successful technological projects involving different partners, with a focus on the business case and funding aspects.
- **Green Corridors and Digitalization:** Initiatives to accelerate R&D, innovation and digitalization to improve an entire supply chain's efficiencies.

### Improving Biodiversity and Co-existence

- **Marine Transport and Coastal Habitats:** Projects to protect and/or restore ecosystems.
- **Pollution at Sea:** New technologies and other initiatives designed to reduce pollution.
- **Circular Economy:** Initiatives to reduce, recycle, renew, repurpose and/or reinvent to reduce environmental impact.

# GREENTECH 2022 -CALL FOR SPEAKERS

## GREEN MARINE 15<sup>TH</sup> ANNUAL CONFERENCE

### JUNE 8 - 10, 2022, MONTREAL

## SUBMIT A PROPOSAL

Proposals must be sent to Green Marine **no later than Friday, December 31, 2021**.

Simply complete the speaker's [form available online here](#).

### CRITERIA

Green Marine will evaluate proposals based on the following criteria:

- Interest, relevance and topicality (deals with current and/or local matters)
- Innovation and originality

### AGREEMENT

Speakers agree to:

- Be available for the conference on both Thursday, June 9, 2022 and Friday, June 10, 2022
- Give their presentation in English or French
- Provide their biography, headshot, presentation title and synopsis at least one month prior to the event
- Supply their PowerPoint presentation at least one week prior to the event
- Respect the time period allotted per presentation, approximately 20 minutes
- Inform Green Marine if they are unable to participate and find an appropriate replacement
- Allow Green Marine to use their name, title, company as well as any information provided in relation to their presentation for Green Tech 2022 advertising purposes
- Have their presentation posted on the Green Marine's website post-conference

### PARTICIPATION

Each accepted presentation comes with one free speaker registration for all conference activities. Up to 2 speakers per presentation are allowed. A single co-presenter is offered a reduced registration fee. Speakers must pay their own travel and accommodation expenses, as well as any other costs related to their participation in the event.

### SUBMISSION DEADLINE

**Deadline is December 31, 2021.** Green Marine will announce its decision in February 2022. If you have any questions regarding this call for proposals, please contact Green Marine Communications Manager, Manon Lanthier [manon.lanthier@green-marine.org](mailto:manon.lanthier@green-marine.org).

Priority will be given to applications that respect the deadline and that meet the eligibility criteria.
